

ABOUT US

AlunoTec, founded in 2013, specializes in Aluminum outdoor living products, ranging from Pergolas, Gazebos, Zip Screens, Retractable Roofs, Patio Canopies, Slat Fencing, Umbrellas, and Outdoor Furniture. As a brand company, AlunoTec has expanded its markets to 150+ countries. We insist on providing our partners and customers with high-quality, reliable products and trustable service. In our core values, good products are not only about quality but also the service and your attitude to the troubles. Meanwhile, we would like to share the meaning of AlunoTec, which stands for Aluminum Innovation and Technology. We want to grow with our partners and customers together. Join us and create the future together.

OUR FACTORY

Build Your Pergola

PERGO-M8

AlunoTec aluminum garden pergola will make the most of your outdoor space. You can have shade at the touch of a button while still being able to let the sunshine in when it is preferred. With the matched gutter system, you have shelter from the rain as well. Its electronically controlled louvers can be opened and closed to your desired position. It's ideal for providing sun and rain protection for locations like backyard, spa, hottubs, deck, garden or swimming pool.

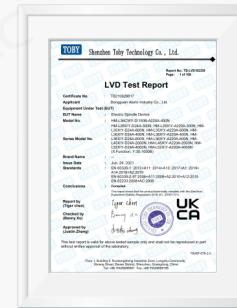

3 years warranty on electronic equipment

8 years warranty

CERTIFICATION

BUILD YOUR PERGOLA

KEY ADVANTAGES

QUALITY MATERIALS

It is **made of 6063-T6 with higher hardness**. Each pergola comes with **built-in rubber seals inside the louver blades** that shield against rain water and eliminate any chatter from wind.

AkzoNobel

POWDER COATED

Powder coated with **AkzoNobel Brand** allows our pergola to resist the harsh environments.

LED LIGHTING

Custom fit **linear LED lighting with two-color snaps** in the louver blade and can be dimmable.

WATERPROOF

Special post design to run the water and wire separately.

APP CONTROL

Once the **smart Tuya all-in-one app** is downloaded, you can adjust the louvers to create the perfect amount of shade or weather protection by **iPhone or android device**.

CE CERTIFIED

Electric motor with **IP67** is CE certified and is designed as hidden to achieve better looking.

QUALITY INSPECTION

Each Pergola is **quality tested and certified** before it leaves the factory.

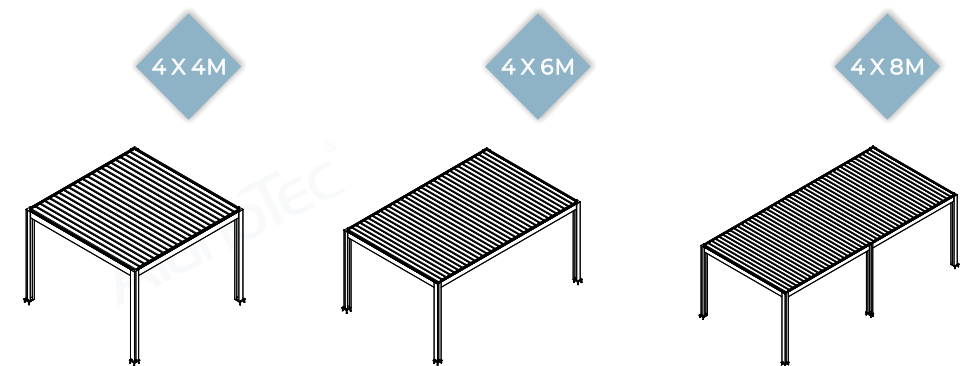

EASY TO INSTALL

Product design is **easy to install and the professional installation instructions** will be offered accordingly.

-  RAL 7016 Anthracite Grey
-  RAL 9016 Traffic White
+ RAL 7016 Anthracite Grey

DESIGN OPTION

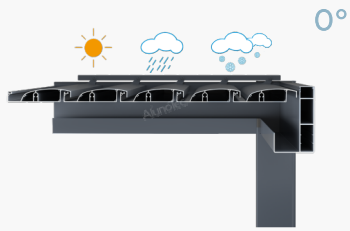

Free standing

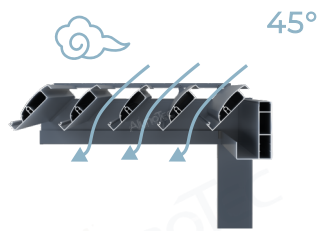

Free standing
& Wall mounted

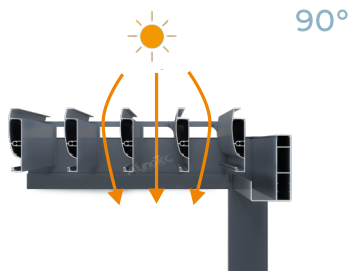

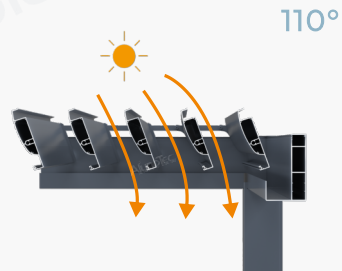

Louvers are designed such that they will interlock to keep out the water, hot sun and snow. Deep channels in each louvers carry water away to the in-built surrounding gutter.

Tilt the louvers like that, the sun is blocked and the fresh air can flush through the opening gaps.

In winter or cooler weather enjoy the natural warmth of sunlight by tilting the louvers to the desired angle with the fingertip touch of your remote control.

With 110° opening angle, you can still enjoy the sunshine when sunset.

DRAINAGE SYSTEM

In the event of rain, our pergola is closed to provide complete protection. Water is channeled away discreetly through the internal drain hidden inside the post.

OPTIONAL ITEMS

Can be matched with different items according to your needs.

Ultra-slim Framed Sliding Glass Doors
